

cookie ^{est 2011} in the kitchen

I started Cookie in the Kitchen in Atlanta, GA at age 11, running it all throughout school and then college whilst studying entrepreneurship and graphic design at Belmont. Now, I create cookies full time for custom orders, artist hospitality gifts, and content collaborations in Nashville, TN!

In high school, I fell in love with following the story of my favorite bands and wondered. . . what if I made their album cover on a cookie? After concerts, I'd gift the band with a post-show treat they never saw coming: their life reflected in cookies! There, the fan-to-star barrier fell and we could connect purely as artists-to-artists.

Everyone is worthy of being seen—not only for their accomplishments but for *who they are*. That's why I love. . .

hey friends!
